NEW AND IMPROVED CLOSET PANS.

STEPHEN GREEN AND CO.

IMPERIAL POTTERIES, LAMBETH.

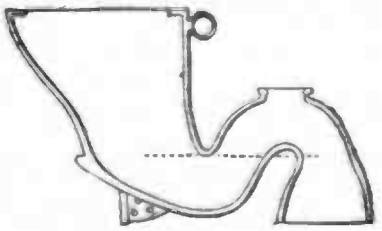
Patent Valve

These Pans still be found to combine all the latest improvements, with the advantage of having a larger water surface than any other kind of trapped Pan, by which arrangement the sides are kept perfectly clean. The trap is not larger than usual, and has its smallest diameter at the bottom of the Pan, increasing to the end, so that anything passing the neck cannot possibly stop or clog the trap.

Manufactured in superior [illegible] Stoneware white and smooth inside, as the SAME PRICE as THE COMMON PAN.

If with Patent Valve, 1s. 6d. extra.

MANUFACTURERS OF THE PATENT SIPHON FLUSHING-BASIN, AND IMPROVED DRAIN PIPES.



REDUCTION of PRICE in UNGLAZED DRAIN PIPES.

Manufactured by CHAS. FRANCIS and SONS, NINE ELMS

The price in future will be,

On 3in.	per foot for the 3 inch bore.	
On 4in.	-	4 -
On 5in.	-	6 -
On 6in.	-	9 -
On 9in.	-	18 -
On 12in.	-	25 -

These pipes are made under steam pressure, and burnt to great hardness, and are capable of bearing nearly double the hydraulic pressure of ordinary glazed pipes. The prejudice against red-ware is overcome by this manufacture. And it is well known that good earthenware, UNGLAZED, is the oldest material discovered in a perfect state in Rome, Babylon, Nineveh, &c. &c.

Agent for Southampton, R. L. FLUDER, American Wharf

JOHN DOULTON, Jun.

ST. HELEN'S, LANCASHIRE.

The most economical and efficient system of drainage is formed with

DOULTON'S STONE-WARE PIPES.

Testimonials as to their superiority have been received from the Borough Engineers of Liverpool, Glasgow, and other towns.

FIRE-CLAY FLUE PIPES,

TERRA COTTA CHIMNEY TOPS, &c. &c.

WAREHOUSE, 79, SOHO-STREET, LIVERPOOL.

GREAT REDUCTION in PRICES.

GLAZED STONEWARE DRAIN PIPES.

DAVID MOUNTAGUE (late Turner and Mountague), Leech Pottery, near Southend, Kent, now offer to the public Glazed Stone Ware Drain Pipes of the best quality at the following reduced prices:—

Straight Tubes with Socket Joints, in 2-feet lengths.

3 in.	4 in.	6 in.	9 in.	12 in.	15 in.	18 in.
2d.	3½d.	4½d.	6d.	10d.	1s. 6d.	2s. 3d. per foot.

Closet pans 4s. each; Traps 2s.; Bends, Junctions, Pulses, Jars, Bottles, Chemicals, &c. &c. at reduced prices in proportion. A discount on the above prices dependent on quantity and mode of payment. Orders received at and executed from his Wharfs, Nelson Wharf, nr. Bankside, Blackfriars; Narrow-street Wharf, Stratford, Essex; and at his Cement Works, Orchard-house, Blackwall.

SUPERIOR GLAZED STONEWARE DRAIN PIPES,

Invented and manufactured by

WILLIAM NORTHEN, UNION POTTERY, No. 14, VAUXHALL-WALK, LAMBETH.

W. NORTHEN begs to inform surveyors, contractors, builders, water companies, &c. that he has completed "Spencer's" new patent machinery for making GLAZED STONEWARE DRAIN PIPES, JUNCTIONS, BENDS, ELBOWS, SYPHON-TRAPS, &c. &c. Amongst the many advantages of pipes made by this machinery over all others may be mentioned, that it insures perfect uniformity in form and size, both of pipes and sockets, the latter being of a different and better construction than any others now in use; and the pipes and sockets being made by one process are proven from separation.

W. N. invites particular attention to the superior quality of the glaze used in his manufactures, which is equal to glass, and rendering stoppage in the drains impossible.

W. NORTHEN'S PIPES MAY BE INSPECTED AT THE FOLLOWING PLACES, WHERE ORDERS ARE RECEIVED:—

Timber and Cab Wharfs; Kingsland, Shacklefurs, and Millbank—Marsh and Wood's Market Wharf, Kennet's-park Basin.—J. C. Hilton's, Crown and Horse-shoe Wharf, No. 6, Upper Thames-street.—W. Peerce's North Wharf, Paddington.—C. Richardson's, South Wharf, Essex.—St. Erith's, Commercial Basin, Wharf, Blackwall.—W. Parry's Canal Bridge, Old Kent-road.—Millwood and Cab Wharfs, Kensington Basin, and Crook Wharf, Hammersmith.—J. Corbett's Depôt, Britton-street, Clerkenwell; and at the Pottery.

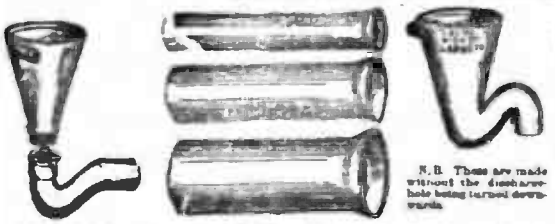
STOCK & SON'S SOIL-PAN SERVICE-BOX.

The object of this contrivance is to facilitate the introduction of sanitary improvements into the dwellings of the working classes, by the adoption of such an arrangement of cheap soil-pan apparatus as will enable the "constant supply system" of water service to be made available for the removal of the refuse, by preventing the experimental waste of water in places of this description, to which water companies now so strongly and so properly object. By the use of this service-box an ample supply of water is obtained, without the possibility of its being wasted by propping the valve, weighting the handle, or by other means. It is so constructed that, no longer as the discharge-valve remains open, a further supply cannot enter the service-box from the main.—Drawings and description may be obtained from STOCK and SON, Manufacturers of Plumbers' Brass-work, Sanitary Closets, Notary Screw-down Taps, Fire Plugs, Gas Pillarns, and Church Furniture in iron and brass, Temple-street, Birmingham.

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES, BENDS, JUNCTIONS, TRAPS, &c. 23, HIGH STREET, LAMBETH, LONDON. Established 1751.

Water Closet Pans, with Syphon Traps, 7s. 6d. each.

STRAIGHT TUBES, in Socket Joints, in 2 feet lengths.



N.B. These are made without the discharge-hole being turned downwards.

The great advantages attending the use of these articles are now so generally understood, as to render any encomium of them almost unnecessary. Their cheapness, efficiency, and durability, are universally admitted, while the rapidly increasing demand for them proves their estimation superiority over every other kind hitherto before the public for similar purposes.

Inspection is invited to an assorted stock of Drain Tubes, of every form and size, adapted to the various situations for which they may be required; as also to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and better class, for surpassing any other manufactured of Brown Stone Ware.

May be had also at Messrs. GLADDISH'S LINE WHARFS, Pedlar's-acre, Westminster-bridge; Cherry-tree Wharf, City Basin, Deal-head, Bermondsey; Lea-ware Wharf, foot of Hackney-bridge, Cornish; Price Wharf, Kingsland, Camden New Town; J. TURNER, 9 South Wharf, Praed-street, Paddington; and at HOLWELL, Brothers, 21, Bryanston-street, Cumberland Gardens.

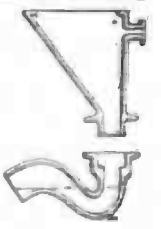
Drawings and List of Prices will be forwarded free, on application.

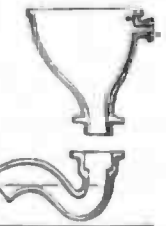
DOULTON AND WATTS'S

REGISTERED CLOSET PANS IN

ENAMELLED STONE WARE,

LAMBETH POTTERY, LONDON.





These Closet Pans are manufactured in a new kind of stone ware, HIGHLY GLAZED, vitreous, of a light colour, are much improved in form, and are used and recommended by the engineers connected with the General Board of Health.

The Traps are smaller at the inlet, gradually enlarging towards the outlet, as a security against the introduction of improper substances into the drain.

They may also be had turned down.

PRICE 7s. 6d. EACH,

The same as for ordinary stone ware, and may be had fitted with copper fans of the best construction at 1s. 3d. each extra.

HENRY DOULTON and CO.'S DRAIN PIPES in GLAZED STONE WARE.
